

IDEAL FOLDARM RETRACTABLE AWNINGS

IDEAL SHADE
SOLUTIONS FOR
YOUR BUSINESS
OR YOUR HOME

IDEAL AWNINGS

MANUFACTURERS OF PREMIUM AWNINGS & BLINDS SINCE 1984

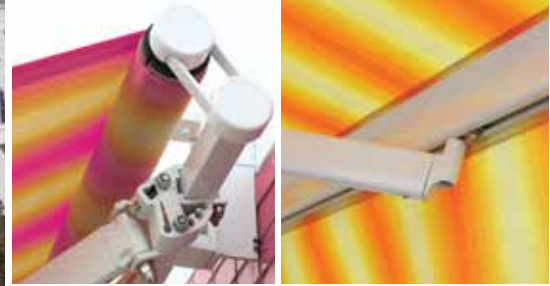

Make the best of sun and shade with our premium, Ideal quality retractable awnings. They will dramatically improve your use and enjoyment of outdoor spaces all year round. Ideal for decks, patios and entertainment areas or protecting windows and doors - extend them when you need to - automate and allow them to extend and retract - as the time of day or weather dictates. Retractable Awnings are ideal for all seasons.

AN IDEAL REPUTATION FOR VALUE & QUALITY

IDEAL COMPONENTS

Ideal Awnings has always had a reputation for quality and our latest range of retractable foldarm awnings stays true to that tradition. Powder coated aluminium frames throughout the range and premium hardware components ensure that each product is the best value and quality offer on the market.

Automation and accessories

We also offer automation for ease of use which means you can deploy or retract your awning at a touch of a button and thanks to rain, light and wind sensors, they can automatically deploy in the morning, retract in the evening or changing weather conditions.

IDEAL COLOUR CHOICE AND FINE FABRICS

Limited only by your imagination, blend in or stand out, the choice is yours.

Our fabulous fabric library offers the widest range of colour choices and imported fabrics that give you the confidence of knowing you are buying long lasting, excellent quality. We custom make anything to suit your personal taste, whether it be subtle shades or bright, lively colours. The finest sun fabrics ensure durability and longevity. Choose Italian, Spanish or French sun fabrics from the world's finest manufacturers of technical sun fabrics. Warranted for up to 10 years. Nothing less is Ideal.

IDEAL RANGE

Helios - Ideal when just a 2.5m projection is needed, this light weight frame with double springs ensure a tough, durable long service retraction system.

Solis - Our premium range frames, robustly engineered to handle up to 4m projections, they feature a stainless steel chain elbow joint and double heavy duty springs for extra strength and durability!

Apollo - Ideal for large areas and especially suited for commercial applications such as outdoor cafés, restaurants and function venues, this grandmaster of all retractable awnings can cost-effectively expand your shaded space and eliminate the use of multiple devices. Triple heavy duty springs, double stainless steel chain and a frame of peerless strength all add up to a massive projection of 5m – the only one in SA. As wide as 12m - your 60m² retractable awning is like adding another venue to your outdoor area!

Eclipse - Where there is no roof or eave above it, this full cassette awning featuring Solis components retracts fully into a stylish aluminium housing. It is exceptionally neat and prolongs component and fabric life.

IDEAL RETRACTABLE FOLDARMS
